

ALWAYS WITH YOU...
**Suzuki Marine
Genuine Oils**

Way of Life!

✓ KEEP it REAL!

Suzuki presents its new genuine items which have been specially designed for drawing the best performances and increasing the efficiency and durability of its outboards.

Since more than two decades, Suzuki relies on Motul as a Technical partner for its racing lubricants in Moto GP. With confidence, Suzuki has requested to Motul to join forces and work closely once again for the development of its new Semi-Synthetic FC-W certified 4-Stroke engine oils and GL-5 gear oil.

Suzuki has focused on the high rust prevention, oxidation stability and heavy load conditions in order to guarantee you the best in terms of reliabilities. Tests in laboratory have shown that the new items perform very well and fit perfectly to its outboard range in any use.

ENGINE OILS

FUEL ECO

Suzuki Marine Engine Oils 10W-30 and 10W-40 grades

- Semi synthetic performance
- NMMA FC-W approval
- API SL standard
- Outstanding protection against corrosion and oxidation
- Anti-foaming and anti-clogging properties

Suzuki Marine 4 stroke engine oil range is designed to meet the latest NMMA FC-W standard

- The 10W-30 viscosity grade focuses on CO₂ emissions and fuel consumption reduction while the 10W-40 viscosity grade focuses on the protection of your engine.
- The two engine oils are suitable for any SUZUKI outboard engine worldwide

GEAR OILS

Suzuki Marine Gear Oils

- SAE 90 grade
- "Extreme pressure" lubricant - gives better wear protection
- Guaranteed oil film thickness at high temperatures and under severe conditions
- Reduces noise, friction and corrosion
- Anti-foaming properties

API GL-5

Standard recommended by Suzuki

- Better shear stability at high temperature and heavy loads (versus GL-4)
- Specifically designed for outboard transmission (Hypoid gear) for better reliability over time

✓ KEEP it REAL!

Suzuki offers a complete range of marine products to take care of your Suzuki outboard powertrain.
